## MEMORANDUM OF AGREEMENT

**Memorandum of Agreement between University College of Engineering, Osmania University, Hyderabad and ZOICX Technologies Pvt. Ltd., Hyderabad.**

This Memorandum of Agreement (MoA) is entered into on this Saturday, 23rd November, 2024 by and between University College of Engineering, Osmania University, Hyderabad, Telangana 500007 (UCEOU), and ZOICX Technologies Pvt. Ltd., Plot No. 54, Brindavan Colony Phase 2, Kapra, ECIL, Hyderabad 500062, Telangana (ZOICX Technologies) agree that cooperation in research collaborations, student internships and skills advancement would be mutually beneficial. The areas of cooperation may include, subject to mutual consent, any desirable and feasible activity that would further the goals of each institution. Such interaction may include cooperation in a variety of joint academic and educational activities such as:

- Joint research projects and publications, including work by undergraduate, post-graduate, and doctoral students and faculty of UCEOU.
- Leadership and Career advancement Programs.
- Skills advancement in Data Science, Cyber Security, VLSI design.
- Placement of students in internships and co-ops, when possible.
- Joint conferences, hackathons, Cyber Security exhibitions and workshops.
- Collaborative activities with Educational institutions, Universities for skill advancement in Data Science, Cyber Security & VLSI design career opportunities.

The parties anticipate that a number of these initiatives will occur during the period of this MoA. However, neither party is obligated to agree to any minimum number of activities, nor is this MoA intended to preclude either party from entering into similar agreements with other institutions.

The following initiatives are good starting places and can be implemented as soon as administrative details are agreed upon between the two institutions.

- Internships in the VLSI design, Cyber Security, Database management & AI.
- Awareness and Train the trainer program for Cyber security among Educational institutions.

Osmania University, Hyderabad  
TELANGANA STATE - 500007.

- Collaborative activities in Technical seminars, conferences, exhibitions and hackathons.
- Cooperation in academic and research programs through mutual assistance in establishment and advancement of VLSI and Cyber security .

This MoA shall be identified as the parent document of any program agreement executed between the parties. Further agreements concerning any program shall provide details concerning the specific commitments made by each party and shall not become effective until they have been reduced to writing, executed by the duly authorized representatives of the parties.

### **Cooperation in Skills advancement and Research**

In order to facilitate skills development, training & awareness programs , the following section provides general procedural information.

Skill development programs, internships of students may take place with undergraduate, post-graduate, or doctoral students. Each of these partnership assignments could be for one academic year, one academic semester, or one intensive course, scheduled either between academic terms or during the summer. Skills advancement & training initiatives may be delivered at ZOICX Technologies , at UCEOU, or concurrently at both institutions through offline/online capabilities.

Students may engage in co-op or internship opportunities through placements by the host institution, provided they meet the legal criteria and all applicable laws and guidelines.

If the students of UCEOU & faculty members are engaged in collaborative research projects with ZOICX Technologies , students of UCEOU may visit and work at the facilities of ZOICX Technologies and incorporate the work done as part of their dissertation research. When an assignment for students are related to funded stipend for projects, the host institution will endeavour to provide a stipend for the visiting student.

Both parties will conduct collaborative activities in educational institutions for Skills development, awareness in technology and future career opportunities .

The primary contacts for this MoA are for ZOICX Technologies and UCEOU. As previously noted, the parties shall enter into specific written agreements whenever appropriate to clarify and define the nature, extent, and terms of operation for the proposed collaborations, including intellectual property ownership and funding issues. Any agreement entered into by these two parties will require the approval of appropriate officers from each institution. All agreements and activities

Covered under this MoA or entered by the parties must comply with all applicable laws and regulations.
