AI Solutions of the future - Sensen's role

Dr. Subhash Challa

Founder CEO
SENSEN. ai, Australia

Powered by IMFS

ABOUT THE SPEAKER

Dr Subhash Challa is the founder CEO of Sensen.ai, a company which aims to transform people's lives with AI. Sensen's AI technology deals with the analysis and fusion of data to extract deep insights and deliver operational efficiencies above and beyond to business enterprises of all sizes and governments too. Sensen is listed on the Australia Stock Exchange (ASX). He has rich experience in the teaching profession having worked as a Professor of Computer Systems Engineering in the University of Technology, Sydney. He later on moved to the University of Melbourne as a Senior Principal Scientist at NICTA and also as a Honorary Professor. More than a dozen students received their PhD's under his mentorship in areas like Bayesian Estimation Theory, object tracking, networking of sensors, computer vision, Facial recognition and Data Fusion. Dr Subhash gives lectures regularly at various international industry and academic conferences. He is a charter member and vice president of the entrepreneurship mentoring organization, TIE, Melbourne chapter.
