CONFERENCE OVERVIEW

Osmania University is celebrating 100 years of its glorious existence and contribution to the field of higher education, during 2017-18. Department of Electronics and Communication Engineering in Collaboration with ECE Alumni Association is organizing a two day Conference. The Objective of this Conference titled: "Electronics & Communication Technologies: Learning from Past and Marching Towards Future", is to showcase the contribution of our ECE Graduates in various fields- Viz Academics, R&D, Entrepreneurship, Professional Management including IT sector and Govt., Public Sector Organizations. The conference will consist of tutorials, expert lectures, limited number of paper presentations and also sessions for presentations by alumni on their achievements and contributions to the society after their graduation.

CALL FOR PAPERS AND TUTORIALS

Proposals to conduct Tutorials of three hour duration in the conference are invited from the alumni. Contributory Research Papers on emerging technologies in the area of Electronics and Communication Engineering are also invited to present in the limited number of technical sessions.

ONE PAGE BIOGRAPHY and PRESENTATION by ALUMNI

All the alumni of the Department of ECE are requested to send along with registration form one page biography and a PPT presentation, with the following details to present in the sessions.

1. Half page brief bio data with photograph
2. Half page text of your achievements and contributions since graduation
3. Fifteen slides (PPT) presentation on your achievements and contributions

The contributed papers, proposal for tutorials, Biographies and ppts should be emailed on or before **30th September, 2017**. Even if anyone is unable to attend for some reason or the other, their work/biography will be included in Conference CD. Final programme will be confirmed by **15th October 2017**.

ABOUT DEPARTMENT OF ECE, OSMANIA UNIVERSITY

The Department of Electronics & Communication Engineering (ECE) was established in the year 1959 with only two faculty members. It bears the indelible stamp of its founder Head of the Department, late Prof.K.Krishnan Nair. He exhorted ECE Department to become a byname for Excellence, Creativity and Enterprise. In the span of around six decades, the Department has grown to 500 students at UG, PG and Ph.D with the staff specialized in various fields of Digital Systems, Control Systems, Signal Processing, Microwaves, Microprocessor Applications, Computer Systems, Communication Engineering, Embedded Systems and VLSI Design. The broad spectrum of subjects in the area of ECE is fully represented. At present the research areas in the department are VLSI & Embedded System, Signal Processing, GNSS, Microwave Engineering and Wireless Communications. The Faculty of the Department were instrumental in establishing and developing the Departments of Biomedical and CSE, and Research and Training Unit for Navigational Electronics.

ABOUT OUECE ALUMNI ASSOCIATION

The cardinal aim of the OUECEA Association is to help the Department of ECE and its students in academics and professional activities. To extend maximum help to the Department in the placement of students in the best organizations. Knowing the genuine needs of the Department, academic as well as non-academic & providing assistance to fulfill the same. Propose & execute special projects Viz. Building infrastructure facilities, projects, seminars, conferences, etc., Adoption of poor/economically backward students by floating scholarships, medals, etc.. Alumni association also conducts talks, seminars and workshops regularly so that students and faculty have a chance to upgrade their knowledge.
